DISPATCH NO. MGQ-A-

6331

**SECRET**  
**SECURITY INFORMATION**  
CLASSIFICATION

TO : Chief, EE

DATE: 17 June 1952

FROM : Chief of Station, Frankfurt

SUBJECT: GENERAL—

SPECIFIC— FRUENGEL Torpedo Exploder

REFERENCE: MGQ-A-2351

1. Dr. FRUENGEL has notified me by mail that he expects all five exploder units to be completed by the first part of July 1952. At the same time he requested permission to withhold delivery of the laboratory model since he needs it to test and standardize the units. Originally he agreed to make the laboratory model available to us as soon as it was completed; under the circumstances I agreed to wait for it until the units were completed.

2. In order to forestall any future questions concerning the design and operation of these exploder units, I feel it would be very desirable to have a Navy electronics specialist present when the units are turned over by Dr. FRUENGEL. An operating demonstration would be simple to arrange at that time. Since our function in this matter is purely one of service, we are eager to cease all contact with FRUENGEL as soon as possible. It is suggested that Mr. K. Eldredge (see paragraph 1 of reference) could probably make a trip from London to accept the units.
